

MEMBERSHIP CATEGORY: **SUSTAINING MEMBER: PRICE: \$2,200 USD**

This membership category is open to those research parks, consultants, and real estate development companies that wish to be recognized as leaders in the field. In addition to all Regular Member benefits, this advance member level includes:

- Research park or company name and Web site link featured on AURP Web site
- Logo and research park or company name will be showcased at all AURP conferences
- Invitation to yearly VIP reception at International Conference
- Invitation to the AURP Board of Directors Dinner at all AURP events
- Priority consideration to serve as speaker or moderator at any AURP conferences
- Priority consideration for features in the Research Park Forum or on the AURP Web site

 REGULAR MEMBER: PRICE: \$1,050 USD

- Access to a global network of the brightest minds in the research park field and forge the long-term relationships that define AURP's membership.
- Important Updates in innovation with new developments, new funding opportunities, Requests for Proposals, library of recommended reading, and useful business templates.
- Park Post newsletter helping you stay current on all the latest developments in the research park field
- Member E-List provides AURP members an application to connect online through this private, email-based discussion forum.
- Premier professional development & education opportunities including three annual events, AURP president podcasts, and Peer2Peer networking group calls.
- Recognition opportunity for your park or company with the Annual Awards of Excellence presented each year at the AURP International Conference.

MEMBERSHIP TYPE: **INSTITUTIONAL MEMBERSHIP**

This membership category is open to university, research, community college technology parks and innovation districts both operating and planned.

 CORPORATE MEMBERSHIP

This membership category is open to those with a declared interest in the planning, construction, management, support, research, or implementation of university research or science parks, technology incubators, technology programs or those who show a personal or professional interest in the promotion and development of those goals.
