

### General Information & Background

The Association of University Research Parks (AURP) is soliciting proposals from member research parks interested in hosting the AURP International Conference 2021.

### AURP At a Glance

More than 700 research communities are in varying stages of development worldwide, and a variety of university, governmental, not-for-profit and private organizations interested in the development and operation of research-related technology projects and programs comprise the major portion of AURP's membership. AURP's mission is "fostering innovation, commercialization and economic growth in a global economy through university, industry and government partnerships". ([www.aurp.net](http://www.aurp.net)).

### AURP International Conference Dates

This AURP annual conference is held in the fall on dates that avoid major national and religious holidays as well as other industry meetings. The conference is typically scheduled over a four-day period, starting with the AURP Board meeting on Tuesday and concluding with programming and/or optional park tours on Friday. Optional workshops are typically scheduled for Wednesday with the bulk of the conference programming scheduled for Thursday and Friday.

### AURP International Conference Attendees

The AURP Annual Conference historically draws 200-225 attendees including paid registrants, speakers, and sponsors.

### AURP Conference Committee Structure

The AURP Board of Directors has established the Conference Committee structure and assigned duties as indicated.
